The screenshot shows the Clariant website homepage. At the top, there is a navigation bar with links for HOME, ABOUT US, INDUSTRY SOLUTIONS, PRODUCTS, SERVICES, NEWS & EVENTS, CORPORATE, INDUSTRY LINKS, CONTACT US, and a prominent CUSTOMER PORTAL button. A search bar and language selector (set to ENGLISH) are also present. Below the navigation, a 'Welcome' section introduces Clariant's performance packaging solutions, listing products like desiccants, container desiccants, equilibrium sorbents, adsorbent polymers, oxygen absorbers, humidity indicators, and specialty containers. Two main product categories are highlighted: 'Healthcare Packaging' (with a 3D rendering of a pill container) and 'Cargo & Device Protection' (with an image of a shipping container). Below these, there are sections for 'NEWS' (with three recent articles) and 'PRODUCT LINES' (featuring 'Equilibrium Sorbent' with a descriptive caption). The footer includes 'PERFORMANCE PACKAGING DIVISION', copyright information for Clariant AG, 2012, and social media sharing icons.

**48 Arizona Women**

Next year, 2012 marks 100 years since Arizona became the 48th state. As a result of statewide engagement and an open nomination process, we will be selecting 48 of the most intriguing women who represent the richness of Arizona's history.

We have stories to share about 48 exceptional women whose vision, leadership and philanthropy are transforming communities for the better throughout Arizona and beyond.

These 48 diverse Arizona residents will be honored in Arizona's Centennial year of 2012 for the beneficial impact they have had and are having through their own achievements and by mentoring the next generation of leaders.

Learn about the greatness of these women and their individual and collective accomplishments through the Legacy Project book to be published in 2012. You'll be inspired by the courage, passion and tireless energy they've demonstrated in helping to create and shape the richness of Arizona.
