

What is

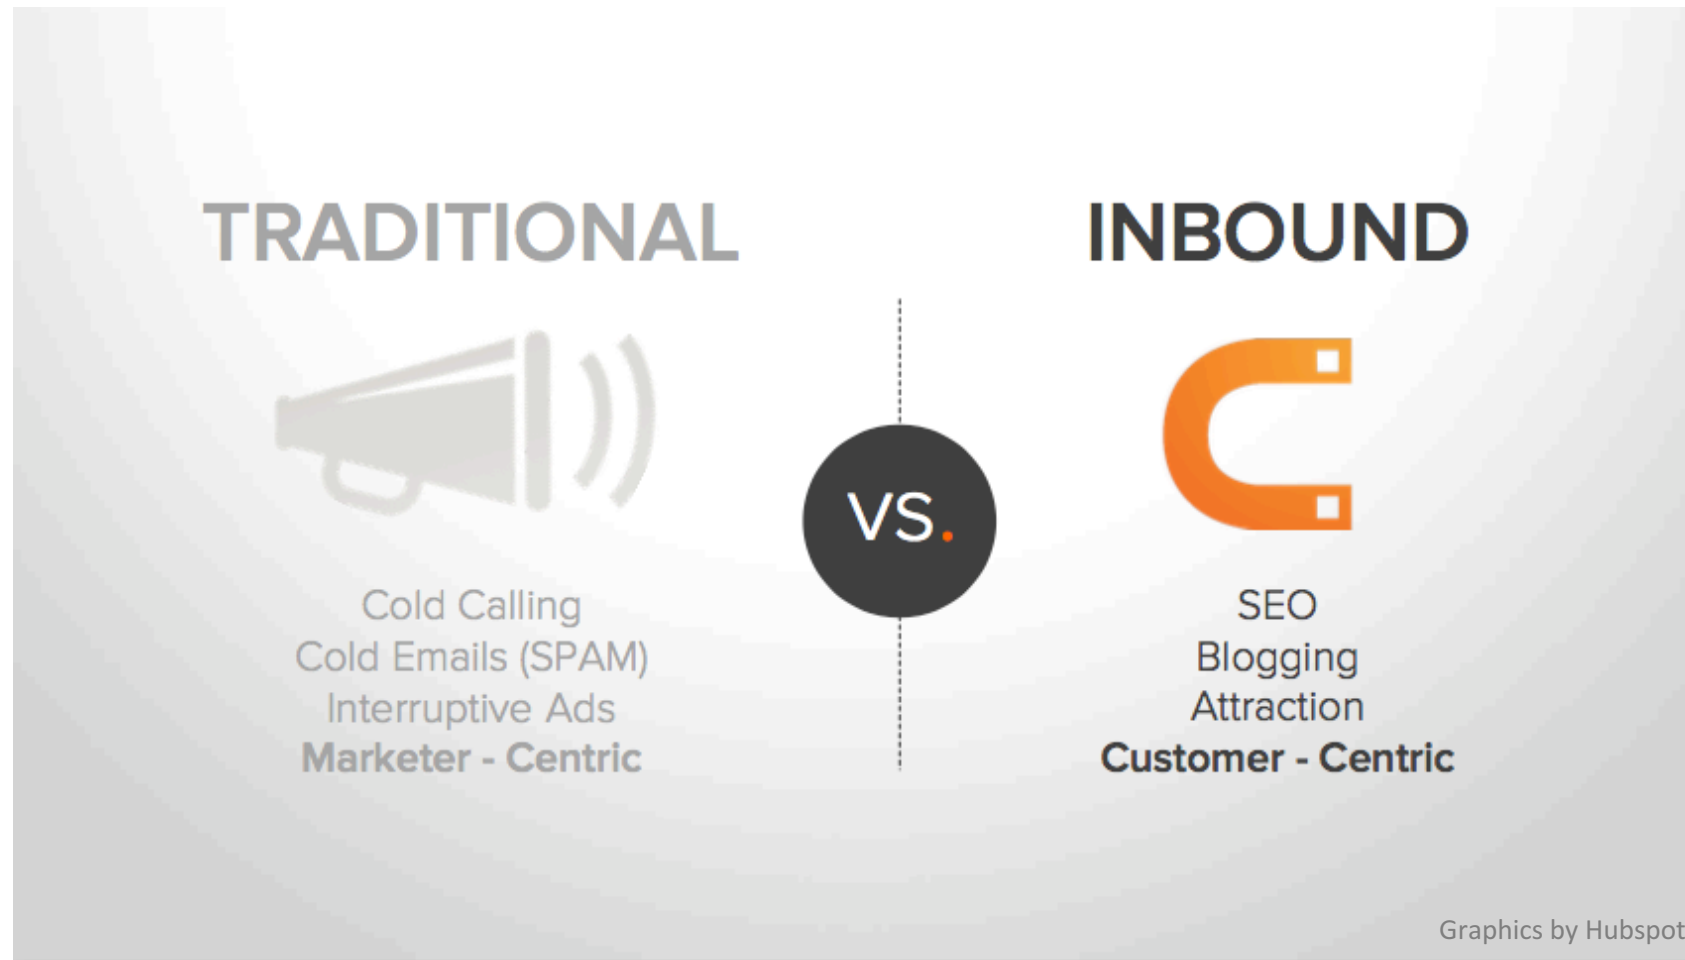

Inbound Marketing?

WEB DESIGN PHOENIX

Traditional Marketing: Interruptive & Convenient for Seller;
Technology is rendering these practices less effective and more costly

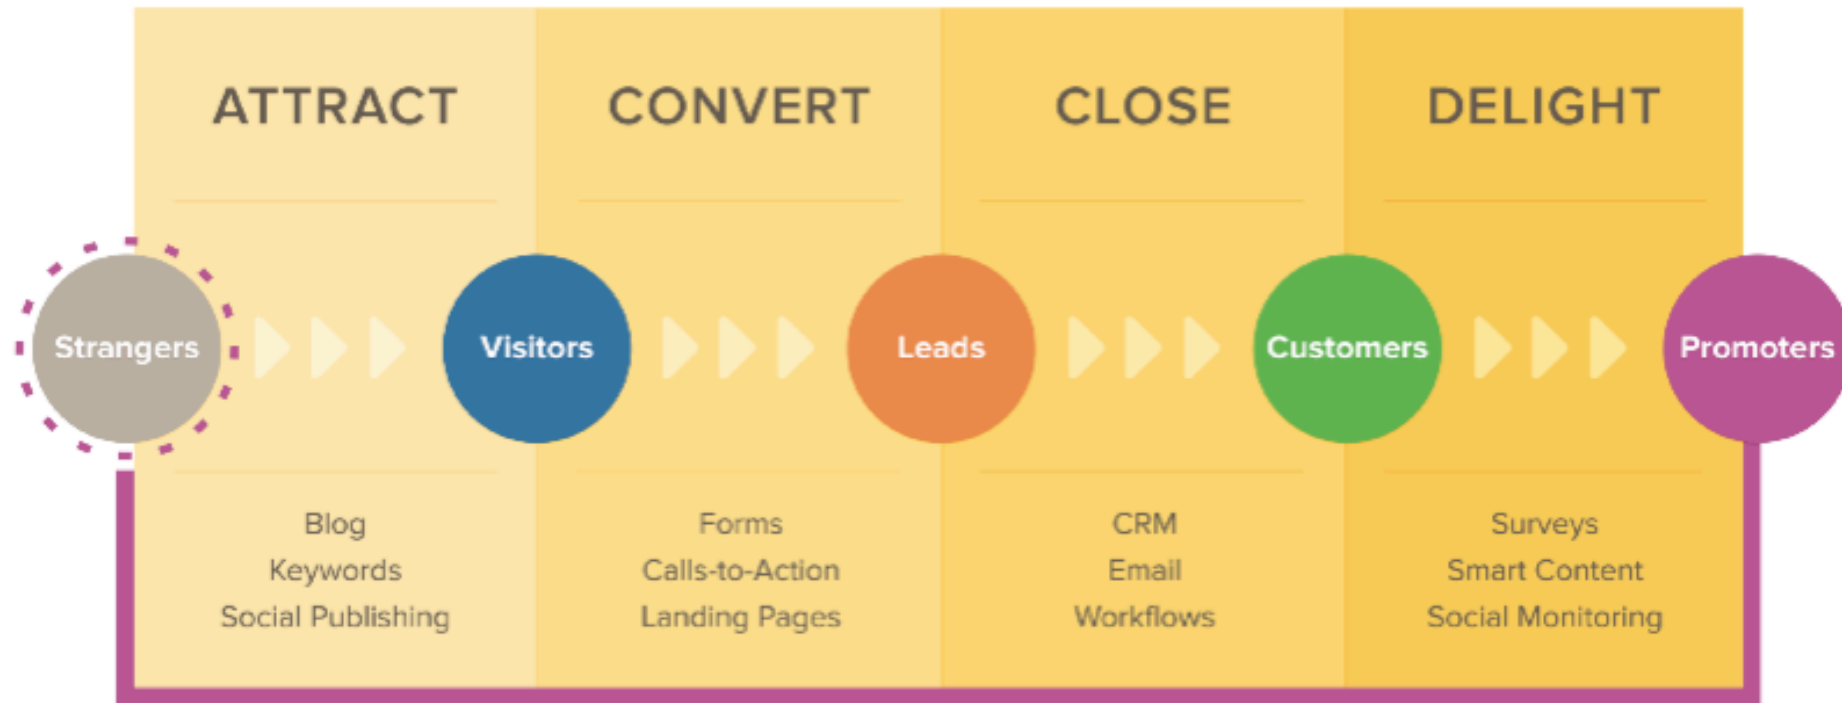

Inbound Marketing: Helpful & Customer Focused rather than hard selling
Draw people in willingly and on their own time with spectacular content

IT'S ABOUT CREATING
MARKETING THAT
PEOPLE **LOVE.**

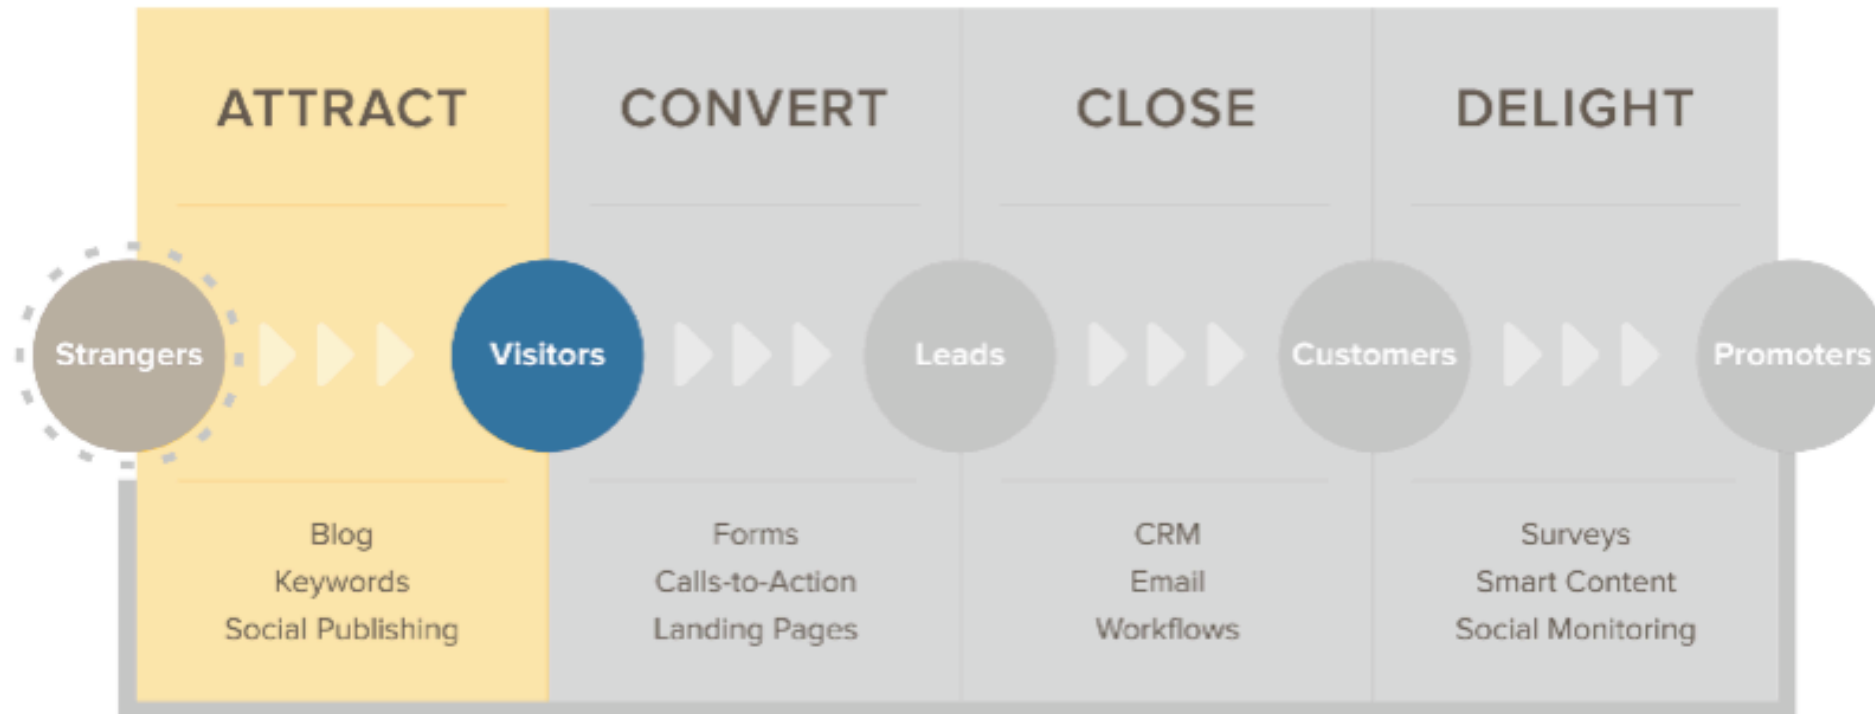

Inbound Methodology

Graphics by Hubspot

Inbound Marketing is about setting up a process that ushers prospects through each phase of the buying process...willingly and on their own time

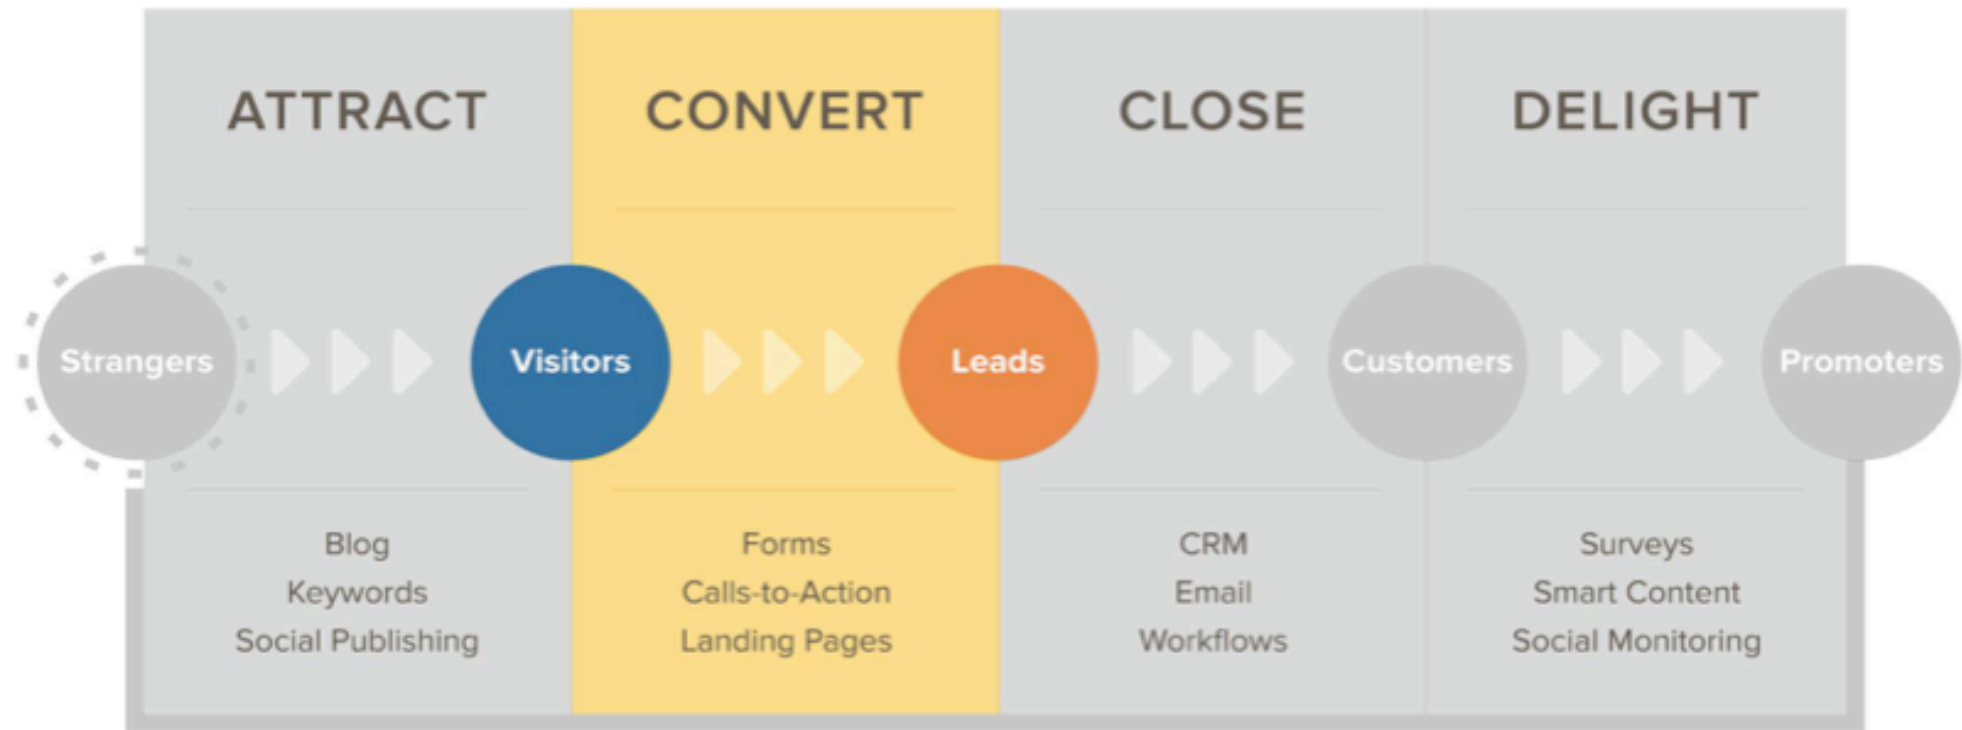

Inbound Methodology

Graphics by Hubspot

Attract strangers to your site using SEO, blogging, social media, etc.
Information has to be interesting, relevant and truly helpful!

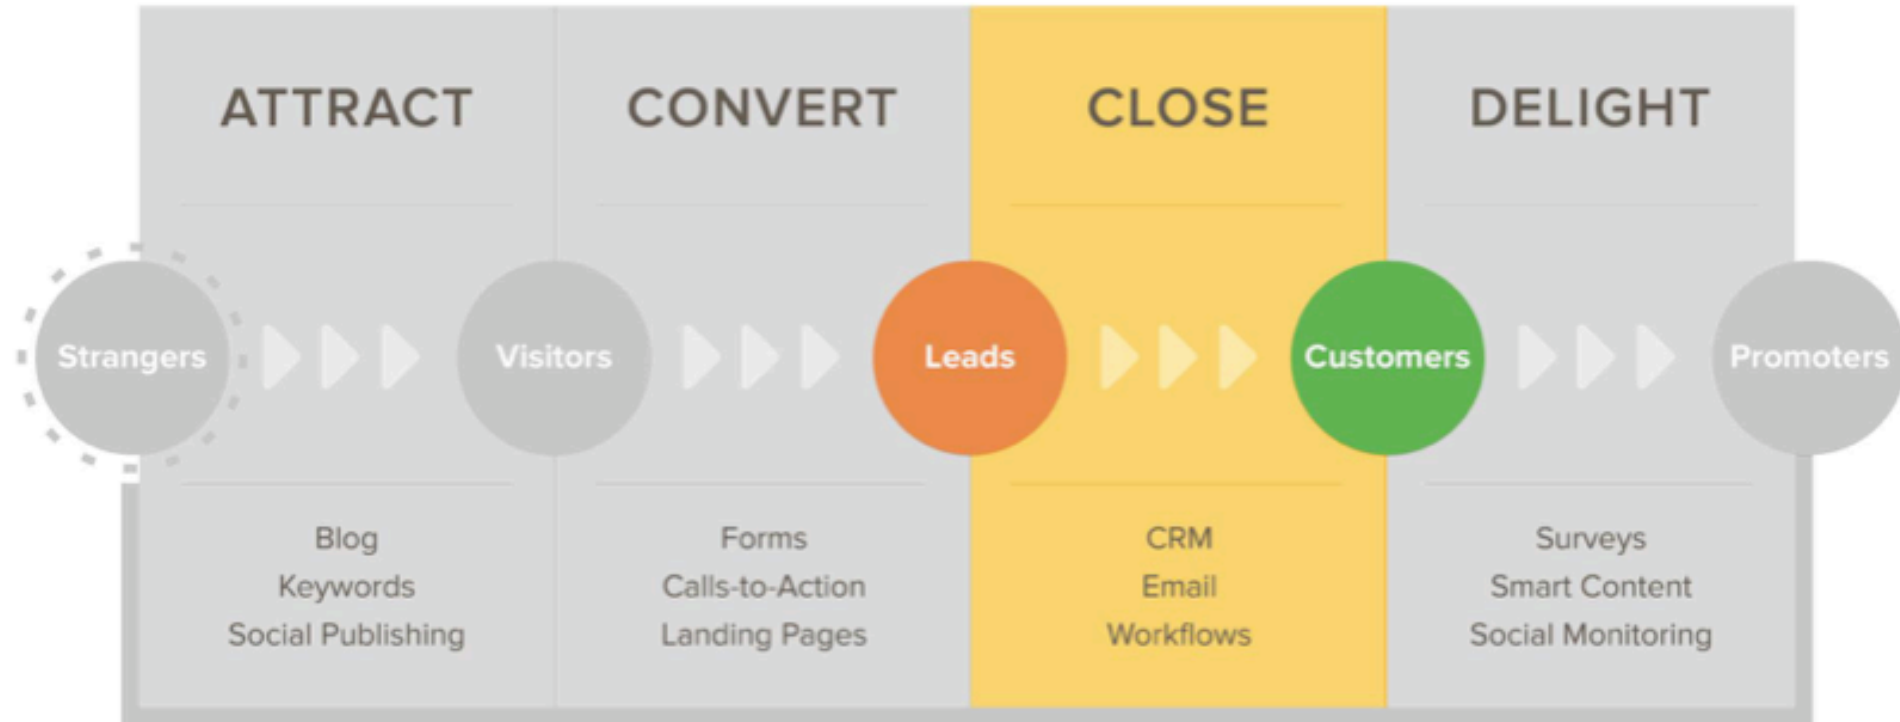

Inbound Methodology

Graphics by Hubspot

Convert visitors into leads by having them willingly offer up contact information
This comes in exchange for something of value: ebooks, whitepapers, tips, videos

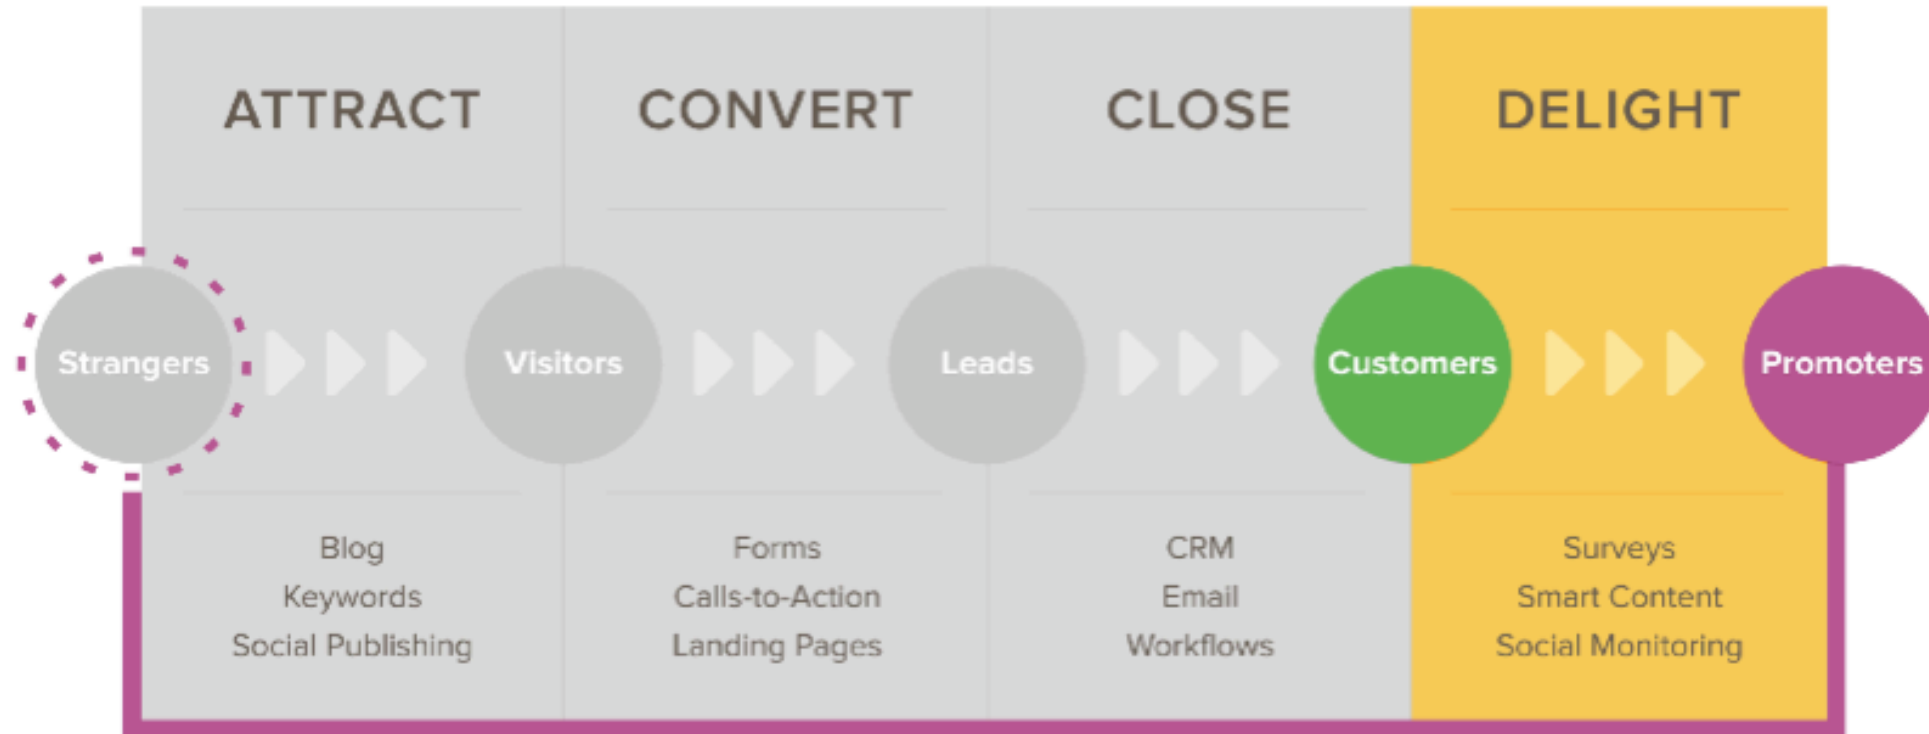

Inbound Methodology

Graphics by Hubspot

Tracking and qualifying leads ongoing, understanding their interests, and crafting personalized content helps to sell the right leads at the right time

Inbound Methodology

Graphics by Hubspot

Continuing to offer great resources to existing customers turns them into invaluable promoters of your goods and services

Analysis should be **inherent** in every single thing you do with your inbound strategy.

Graphics by Hubspot

Everything is analyzed...know what is working and what isn't working
Focus on strategies that are most effective in generating returns

Inbound Methodology

Graphics by Hubspot

Effective inbound marketing is about empowering your prospective customers, not selling: Attract more visitors, qualify more leads, and turn those leads into ideal customers
